KCOM

As part of the UK City of Culture celebrations in 2017, we named our vans after famous Hullensians. From local legends to the region's best-known landmarks, each van has been named after someone or something close to Hull's heart. Nominations came from the people of Hull and East Yorkshire, but don't worry if you missed out – you can join in now with our van bingo. Spot them all, and learn about our great sons and daughters as you go. If you want to find out more there's a potted biography for each of our white van men and women on our website.
